# 01

## Pipeline Construction

The company has been established as a credible commercial entity to interface with all Nigeria oil and gas, power generating companies and Haulage services. More information inside page

# 02

## Procurement Services

We are one stop shop for Power, Construction, Mining, and Gas Compression Industry procurement needs. More information inside page

# 03

## Electrical Instrumentation

Instrumentation & Control services Calibration & certification services PLC based automation system with SCADA development (all types of PLC & all types of analyzer shelters). More details inside.

## Service Review

### Why Choose We?

#### Accuracy:

Our valuations are precise and comprehensive, ensuring you get the most accurate assessment.

#### Expertise:

With years of experience in the industry, our team brings unparalleled expertise to every valuation project.

#### Customized Solutions:

We understand that every property is unique, which is why we offer customized solutions to meet your specific requirements.

#### Prompt Service:

We value your time, which is why we strive to deliver our services in a timely manner without compromising on quality.

#### Transparent Pricing:

We offer transparent pricing and detailed project proposals, ensuring that our clients have a clear understanding of costs and timelines before the project begins.

**G**INGORD INTEGRATED NIGERIA LIMITED is a limited liability company, incorporated under the laws of Nigeria. The company has been established as a credible commercial entity to interface with all Nigeria oil and gas, power generating companies and Haulage services. The company provides services to oil and gas production companies and power generation

companies.

We are An Engineering, Procurement, Installation, Construction & Asset Integrity Management (EPICA) Company with years of experience in Pipeline, civil construction and procurement, operation and maintenance asset integrity management ETC. We provide all range of Engineering services which include

## Procurement Services

**P**rocurement Services We are one stop shop for Power, Construction, Mining, and Gas Compression Industry procurement needs. Our mission is to provide our Customers with Any Part, Anywhere, On Time. We supply New Genuine, OEM, Replacement, and Re-manufactured Parts:

- > Altronic
- > Ariel
- Arrow Engine
- > Bosch Industrial Spark Plugs
- Caterpillar
- Champion Spark Plugs
- Cooper Ajax
- > Cooper Superior
- > Denso Spark Plugs
- > FW Murphy
- Garrett
- > IPD
- > Stitt
- > TDI Starter
- > Waukesha
- > Woodward
- > Direct Acting Regulators: - D81 Series Gas Pressure Regulator
- > Pilot-operated Gas Pressure Regulators: - D53

Series Gas Pressure Regulator

- > Slam Shut Valves: SH4-2 Series Slam Shut Valve
- > LPG / NATURAL GAS REGULATORS
- > Domestic / Commercial Pressure Regulators: B6M - Two Stage Regulator
- > Domestic Meter Regulators: M2.5 - Single Stage Regulator
- > Single Stage Regulators: H200Z - Single Stage Regulator balanced with OPSO and UPSO
- > Two Stage Regulators: D100M - Two Stage
- > Eddy current inspection equipment
- > Compressors, Valves, Chemical, Panel, Transmitters
- > Ingersoll-Rand compressors
- > Atlas Copco compressors
- > Saver pit consolidated pumps
- > Robertshaw spares
- > Sprague pumps
- > Manual and control valves of ranging sizes up to #2500 rating
- Chemicals
  - > Diethyl glycol
  - > Triethyl glycol
  - > Bag filters and strainers
  - > Transmitters of different brands
  - > ITT Barton chart recorder
  - > Murphy panel

Pipeline Construction

Pipeline Construction

# Electrical and Instrumentation

Instrumentation & Control services  
Calibration & certification services PLC based automation system with SCADA development (all types of PLC & all types of analyzer shelters)

- > Analyzer and all type of field instrument supply and service
- > Automatic Sampling system for Gas and liquid skid
- > Terminal automation services
- > Turnkey projects
- > Installation & maintenance of Process Skids/Metering Skids

## Engineering Services

**F**low line and pipeline construction  
Boilers & Heat exchanger repair  
Vessels internal repair Modification  
of process facility & debottlenecking

Facility upgrade Produce water treatment facility  
Water treatment facility for consumption

Leaks repair Industrial chemical injection system  
Pumps and compressor installation Metering system  
Well head platform fabrication

# **Installation & Commissioning of Cathodic protection systems Asset Integrity Management**

- > Asset register development
- > Development of asset reference plant
- > Statutory certification of static equipment's in compliance to local and international standards for pressure vessels. Atmospheric storage tanks, Safety relief valves, Pressure vacuum valves, Pressure gauges, Transmitters. Temperature gauges, Chart recorder, Bi-annual cathodic potential survey, and functional testing of switches.
- > Ultrasonic wall thickness measurement on the process piping, Vessels, Storage tanks, etc
- > Inspection of buried pipelines using guided wave tools  
Valve leak testing
- > Positive material identification Servicing and repair of manual valves
- > Servicing and repair of Control valves  
Servicing and repair of safety relief valves
- > Wellhead maintenance services
- > Rotating equipment

## **Direct Projects**

- (1) Engineering procurement and Construction Contract for the multiphase pipeline from Assa North to Obite.  
Scope 12" X13km  
SPDC ANOH PROJECT (2024)
- (2) Provision of welding for Scope [KP 1+175- KP 3+454] and Crew 1-KP 6+500-KP 7+900 with 900 meters Seasonal Swamp Section of 7.9 Km at ANOH-NNPC Project 2024 (36 INCHES PIPE)
- (3) Provision of Lowering and Tie-in scope for 7.9 Km Spread, from Kp0+000 to Kp7+900 at ANOH-NNPC (36 inch Pipeline) Project 2024
- (4) Provision of Tie-in and Lowering Scope for 5.4 KM B Land Seasonal Swamp creek at ANOH-NNPC project (2024).
- (5) Engineering, procurement and Construction (EPC) of pipeline for ANOH Gas plant Project (24 inches and 12 inches) ANOH GAS PROCESSING COMPANY LIMITED (2021)
- (6) OHS Delivery Line Sectional Replacement.  
Seplat Energy East Onshore Limited (2022).
- (7) Overhaul of Crude Oil Export Pump A&B At Ohaji South Flow Station.  
Seplat Energy East Onshore Limited (2023).
- (8) Replacement of Defective Ohaji South Crude Oil Export Pump C  
Seplat East Onshore Limited (2023)
- (9) OHS 9 L/S Hook-Up Gas-Lift provision  
Seplat Energy East Onshore Invited (2023)
- (10) Servicing and Maintaining of portable Fine Safely Equipment for OBO & OHS FS  
Seplat Energy East Onshore Limited (2023).
- (11) Repair of Ohaji South Flare Ignition System  
Seplat Energy East Onshore Limited (2022).
- (12) Repair of Flare Stack Pilot Ignition System at Ohaji EPF  
Seplat Energy East Onshore Limited (2022).
- (13) Jisike Heater Treata Burner Repairs 1&2  
Seplat Energy East Onshore Limited (2022).
- (14) Construction of a temporary storage facility for drilling waste-Ohaji South 4  
Seplat Energy East Onshore Limited (2020)

# PERSPECTIVE

GINGORD INTEGRATED NIGERIA LTD has a professionalism and quality of services to clients

Our corporate objective is both intellectual and technical based. It is created to conceive projects on ideological platforms and implement this in the most technical friendly and applicable levels with the environment as a principal consideration. From its sociological research and development conceptions to its construction project that underscore its international ideology with the local acceptability and applications.

This means that the company consults for public and private sector with the usual tendency to favor recommendation for public/private partnership which is the current international vogue at social development projects.

We strive to lead the Engineering industry in quality of jobs and services delivered within the shortest possible time. Gradually growing in construction industry and into an Environmental/Waste management service giant with a passion for community development as we also give back to the community what have received from it over the years.

We strive to leave an INDEX of perfection on our jobs, to set an antecedent for others to follow.

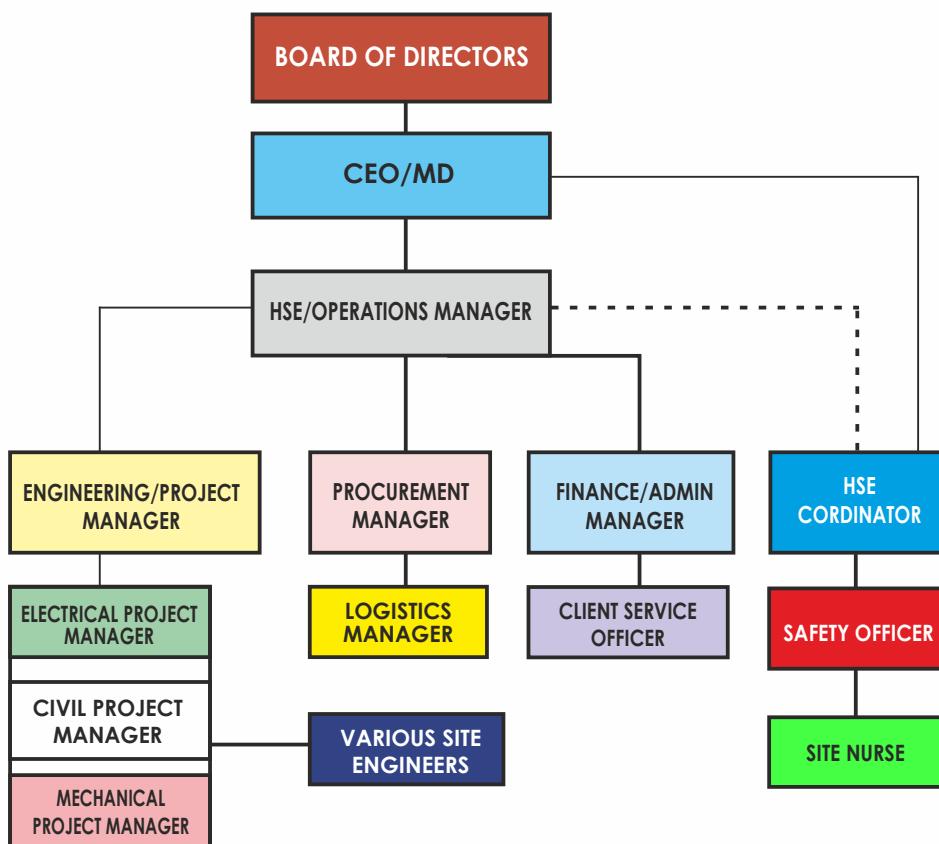

The GINGORD INTEGRATED NIGERIA LTD. Team strives to provide prompt and service delivery which is affordable and stand the time test.

GINGORD INTEGRATED NIGERIA LIMITED is committed to being the best source and total solution in Engineering and Environmental Technology, while dedicating its resources to build a better tomorrow for its employee and community through responsive services and honest business practices.

We will never be complacent because of past achievement but we meet the ever-growing needs and demands of our community, with the best services and the latest advancement in the construction industry and our environment at a price that is fair to all involved.
